

Erasmus Dashboard

Welcome to the **Erasmus Dashboard space** of this knowledge base.

The **purpose** of this wiki space is to

- clarify, **how to start using** the Erasmus Dashboard
- provide information about the **functionalities** of the tool and
- **explain how to use** the Erasmus Dashboard.

The Erasmus Dashboard **is an online tool** to support management of Erasmus+ individual student mobilities thereby:

- oversee students (online) **Learning Agreements**
- manage **Inter-Institutional Agreements**
- and input data to the **Erasmus+ App**

on the Higher Education Institution (HEI) level.

The Erasmus Dashboard is **free of charge** for all European HEIs.

To learn more about the functionalities and usability of the Erasmus Dashboard please read the articles in the menu below, and then use the page tree on the left to navigate between the different menu pages.

About	Functionalities	How to join?	GDPR Compliance and security	Resources	Erasmus Dashboard FAQs

If you would like to get **more information** about the elements of the Erasmus+ digital mobility management infrastructure, you can click to the spaces here.

Provide seamless access to mobility management services and tools

Click on the link above and discover how you and your students can securely log in to these tools using your academic credentials.

Use the Erasmus Dashboard as free solution for managing student mobility

Tool for universities not using in-house or commercial software.

Promote the Erasmus+ App as main gateway for mobile students

Publish events and deals or add useful information to the Erasmus+ App mobility journey.

Exchange information with your partners

Connect to Erasmus Without Paper and exchange data along with exchanging students in the framework of Erasmus.

Technical profile?

If you have a technical profile, you can check the specific resources for developers:
