

What are the functions of the Erasmus Dashboard?

The Erasmus Dashboard has been developed with the support of the European Commission and can be used as the official tool to manage your Erasmus+ mobilities as per European Student Card Initiative roadmap.

Dashboard is a space to review, decline, comment, download and sign incoming and outgoing students Learning Agreements online.

It also connects to the European Commission's Erasmus+ Mobile App, allowing you to communicate with the incoming and outgoing students directly via the App.

Since February 2020 the Dashboard also hosts an EWP Inter-Institutional Agreement Manager which allows for the establishment of Inter-institutional Agreements. It is currently in beta and can be fully tested.

In addition, it also allows for HEIs across Europe to indicate their Erasmus+ Covid-19 Mobility Status that is freely accessible to all students and partners alike at: <https://covid.uni-foundation.eu/>
