

# Access to OLAs

Coordinators can overview and manage all the OLAs associated with their Higher Education Institution in the Erasmus Dashboard, as they could before.

The menu options under Mobilities (OLA 2.0) for Outgoing and Incoming Students display all the students who created the OLA before the platform updates on 17 October 2020. This platform will be discontinued some months after the start of the 2021/2022 academic year. All the new OLAs created since the launch of the new OLA are accessible under the menu header Mobilities (OLA 3.0), split into Outgoing and Incoming students sections respectively.
