

How is the eIDAS regulation applied in MyAcademicID

The consortium partners have built upon past and ongoing work analysing how the eIDAS regulation can be best applied for the higher education community. The complementarity between the eIDAS regulation and existing initiatives (eduGAIN, European Student Card, Erasmus Without Paper) has been confirmed through the technical blueprint approved by the consortium partners. The [blueprint architecture](#) foresees a proxy able to enable Student mobility services to consume eIDAS eIDs and to link these with student accounts.
