Welcome

This is the **Knowledge Base** (KB) of the European University Foundation (EUF).

The aim of this KB is to provide information for Higher Education Institutions (HEIs) about the different developments, tools and initiatives related to the EUF.
Primarily, the EUF KB **summarises and structures information** about initiatives that contribute to the digital transformation of international cooperation of HEIs and student mobility processes, with a particular focus on pilot initiatives that have not yet become a formal part of the European Higher Education digital ecosystem.

Content previously in this wiki was moved

The knowledge bases related to several projects and initatives have found a new home. Click the links below if you are looking for information about the:

- Erasmus+ App
- Erasmus Without Paper
- Erasmus Dashboard (or EWP Dashboard)
- MyAcademicID

Current initiatives that will be covered in this Knowledge Base

- EDSSI L1
- EDSSI L2
- ESVA

Quick links

eQuATIC Space

Use this online web service to evaluate existing mobility-enabling partnerships.

New content coming soon

Stay tuned for information on:

- Student Service Provider module
- eSignature
- eCard App (with eCard CMS, NFC reader)
- eArchive
- ESVA

Something is not clear?

If you feel like you are missing something, you can take a look at the glossary:
