

IIA Statuses

After creating an IIA it on the IIA List you will be able to see on which status the agreement currently is like whether changes have been made or if it has been signed by the partner institution. Depending on the IIA status you will be able to perform certain actions such as editing, deleting, signing or only viewing IIAs. To perform these actions there will be a button that will allow you to perform the actions associated to a specific status.

Below is the complete of statuses and actions that you may encounter.

If you are the creator of the IIA:

| Status | Why this status appears | Action(s) you can perform |
|-------------------------------|--|------------------------------|
| Changed and signed by you | IIA created or edited by somebody in your HEI | 'View' or 'Delete' |
| Approved by you | IIA accepted and approved by somebody in your HEI | 'View' or 'Delete' |
| Changed and signed by partner | IIA created or edited by somebody in the partner HEI | 'Edit' or 'View' or 'Delete' |
| Approved by partner | IIA accepted and approved by somebody in the partner HEI | 'Edit' or 'View' or 'Delete' |
